## MASTER GARDENER APPLICATION

I wish to become a K-State Research and Extension - Riley County Master Gardener and would be available for the 2015 training sessions. I understand that if accepted into the training program, I will agree to volunteer a minimum of 40 hours during the season to "on-going" Extension program learning projects, or initiate my own individual projects with approval by the County Extension Horticulture Agent/Board to help communicate horticulture information to other Riley County residents. The title of Master Gardener is valid only when used by an active volunteer that has satisfactorily completed 40 hours and is participating in the program.
