June Garden Calendar

Vegetables and Fruits

- Renovate June bearing strawberry beds
- Fertilize strawberries and water regularly to promote new growth
- Plant another crop of sweet corn and green beans
- Watch tomatoes for foliar leaf disease development and treat
- Mulch crops for moisture conservation and weed control
- Continue a regular fruit disease and insect control program
- Treat peach trees for trunk borers
- Remove sucker growth from base of trees and along branches
- Pinch herbs to keep bushy and fresh with new growth
- Turn compost pile and keep moist for a quicker breakdown
- Dig potatoes after vines have died.
- As tomatoes begin to sprawl, train them to a stake, cage or wire fence

Flowers

- Pinch chrysanthemums for development of a bushy plant
- Deadhead spent flower blossoms to keep plant flowering
- Remove flower stalks from peonies and iris
- Mulch flower gardens for the summer to conserve moisture, control weeds and cool the soil
- Water plants as needed
- Fertilize roses
- Trim spent rose blossoms
- Check plants for insects
- Remove dead foliage from spring bulbs
- Water and fertilize container plantings regularly to encourage growth and flowering

Lawns

- Raise mowing height on bluegrass and tall fescue to 3” or 3 ½” for summer heat resistance
- Fertilize zoysia lawns with high nitrogen fertilizer such as 27-3-3
- Sod or plug bare areas in zoysia lawns
- Spot treat for broadleaf weeds
- Core aerate zoysia lawns for removal of thatch and overall vigor
- Let grass clippings fall for nutrient recycling
- Water the turf sparingly to increase drought tolerance during heat of summer. Let turf wilt between watering for best results
- Check mower blade for sharpness and sharpen as needed
- Check lawn mower engine oil and add or change according to owners’ manual

Trees and Shrubs

- Check for bagworms and control as needed
- Mulch around the bases of trees and shrubs to conserve moisture
- Prune pines and spruces to shape and control size
- Water newly planted trees and shrubs as needed
- Prune spring flowering shrubs
- Do not damage tree trunks with mowers and weed whips
- Check for spider mite damage on various shrubs
- Clip hedges as needed to maintain shape

Houseplants

- Fertilizer throughout the summer months to encourage growth
- Wash leaves to remove dust
- Take cuttings to start new plants
- Prune and shape plants for added beauty
- Repot plants as needed in 1" larger containers
- Check for insect problems

Local Horticulture Happenings:

- Go on the Extension Master Gardener organized area Garden Tour, 537-6350.
- Mulch your beds, free woodchip mulch is available at the Riley County Transfer Station at 1881 Henton Road, 565-6290
- Visit the KSU Gardens Rose Garden (1500 Denison Ave.) and the Manhattan City Park Rose Garden.
